6	6		49	7 Sat.	6		78	2	6		108
7 Sat.	7	This was the eighth Sabbath and 50 th day of the flood. Although the rain has ceased the waters still continued to prevail as we are told for a period of one hundred and fifty days. The prevalence of the waters for 150 days, and their great height, is an impressive indication of their very voluminous character.	50	1	7		79	3	7		109
